Again in the shadow of the gallows from which he was re-

"I am prepared for anything," he said. "I expected that I would be granted a new trial by Judge Roan, it seemed so palpable that I did not receive a fait trial. However, I know that it will come out all right in the end. My case is in the hands of my law-yers. I feel that ultimately they will be able to establish my in-locence. Few men in Georgia have had as distinguished and able counsel as have represented Frank in his long battle for life and liberty. Rosser and Arnold being recognized through the South as in the forefront of their profession. Their presence in a case, already notable from its highly trajec circumstances and the prominence of the accused, lent it additional notoriety and made it the South's screatest murder mystery.

Every stage in the development of the State's case and in the preparation of Frank's defense has been watched with the utmost interest, not only in Georgia and the other Southern States, but throughout the country.

After a postpomement from the last week in June, Frank's trial was begun July 28, the jury being selected in an unexpectedly short time and the State beginning the outline of its case on the first day.

Attorney Arnold, in a masterly address which was marked by unsparing criticism of the Solicitor for his so-called vindictiveness in the prosecution of Frank, made the opening plea for a new trial. He began Friday afternoon and snock brough Saturday and part of Monday, his argument consuming a total of nearly twelve hours. When Arnold was through, Dorsey had been described as a "head-hunter," a "persecutor rather than a prosecutor," a player to the grandstand," and had been accused of conspiring with the detectives to "get" Frank; innocent or guilty; of extorting false and additional to the standard of the described and without warrant of law "third degree" methods in obtaining the sent of evidence he wanted; of departing from his functions as a prosecutor and maliciously and deliberately misrepresenting the testimony that was adduced during the trial, and of inciting the crowds to violence rather than using his official position to allay the mols spirit.

Rosser also insisted that Judge Roan's remarks with which he prefaced his decision and in which he expressed his uncertainty as to Frank's innocence or guilt should be incorporated as part of the

This was strenuously resisted by Solicitor Dorsey, who maintained that the procedure was irregular and unusual, and that he was not aware that it ever had been done before.

'Let's not quarrel over whether it ever has been done before," shouted Attorney Rosser. "Let's have the truth for once."

In giving his decision Judge Roan had said: "Gentlemen, I have given this question long consideration. It has given me more concern than any other case I ever was in. And I want to say here that, although I heard the evidence and the arguments during those thirty days, I do not know this morning whether Leo Frank is innocent or guilty.'

and prominent socially. Despondency due to ill health was the

cause.

The bill of exceptions which will take the case of Leo M. Frank to the Supreme Goart of the State of Georgia, was completed Friday afternoon in record time by the attorneys for the man convicted of the slaying of Mary Phagan.

The signature of L. S. Boan, presiding judge at the trial and at the shearing for new trail, will be obtained at once. Judge Rom then will be free to resign from the judgeship of the Stone Mountain Oricuit and will take this position on the State Appellate Bench, to which he was appointed some time age by Governor John M. Siston.

Asserting that their confidence in ultimately proving their client innocent was unabated by the decision, Frank's lawyers, twice defeated in their battle to free the young factory superfutendent, entered the fight with fresh vigor almost the instant that the ruing was handed down.

Attorney Reuben Arnold immediately began the dictation of the bill of exceptions and by late in the afternoon had completed his work. Leonard Hass finished the copying of the sfillavits as about the same time. The bill of exceptions will comprise 40 or 50 typewritten pages.

# "ALLEN'S-SPECIAL" BOOTS and EVENING SLIPPERS \$4 A PAIR

A result of specializing on women's footwear at \$4.00, \$5.00, \$6.00, \$7.00 and \$8.00, as we do, is that you can have a greater variety of styles to choose from, and better styles, we think, than most stores carry, at any one

For instance, we have thirty-three separate and distinct styles of women's boots at \$4.00 a pair. 25 Evening Slippers at \$4.00.

Some of them we can truthfully claim are \$4.50 grades; they were really bought to sell for that ninety days ago. Two styles are special purchases and are regular \$5 values.

When we say \$4.50 and \$5.00 values for \$4.00, we mean it.

You can come here expecting to find shoes and slippers that by every standard of value are worth fifty cents to a dollar a pair more. The leathers are patent, gun metal, Russia calf, vici kid, and dull mat kid in boots. Satin, kid and suede in slippers.

A few thoughtless people have seen some \$6.00, \$7.00 and \$8.00 shoes in our window, a little more prominently displayed than the \$4.00 and \$5.00 ones, and have circulated the report that we have nothing but high price shoes.

For this reason we have arranged a display of \$4.00 footwear in our South window that you should see.

We can not devote so much space to one price shoe permanently and this will give you an opportunity to see what Allen can furnish at \$4.00.

A new shipment of satin, cloth of gold and silver, bronze and dull kid evening slippers has just been received by express.

This will be welcome news to brides to be and their attendants who are right now looking for new wear. Our stock of Cuban French heel and Louis XV heel footwear is unexcelled in the South.

We saw the tendency in time and can show you right now, over fifty different styles of Cuban French heel and Louis XV heel pumps and slippers, ranging in price from \$3.00 to \$8.00 a pair, and boots and Colonials from \$5.00 up.

# "HAVE THIS MIND IN

"For your sakes, He became poor, that you, through His poverty, might become rich." --- II Cor. 8:9

"Have this mind in you, which was also in Christ Jesus:

"Who existing in the form of God, counted not the being on an equality with God, a thing to be grasped,

"But emptied himself, taking the form of a servant, being made in the likeness of men;

"And being found in fashion as a man, He humbled Himself, becom ing obedient even unto death, yea, the death of the cross.

God's word for you:

"Have this mind in you."

Hear Him.

You, too, should be obedient, ready to die upon the cross to save your fellowman.

Jesus said:

"You are my friends, if you do whatsoever I command you."

Are you His friend and follower?

What have you ever done for Him? What would you give? What would you do?

Would you sacrifice your life to save your fellowman?

Surely, then, you bear your share in the support His church-His means for the saving of multitudes of men, women and children.

You are ever ready to help the fallen woman. Jesus was.

You would save the man in prison, and not destroy him by senseless cruelty. Your Saviour said, "I was in prison."

And you could never knowingly share in the money gained by ruining girls.

You could not willingly take for your own use the gold that comes from a brewery, bar or distillery: every penny of this is wet with the tears of women and children and red with the blood of your fellowman.

You would not say that the "mind which was in Christ Jesus" would approve the liquor trade or the brothel.

For the brothel tolerated by a city makes every citizen responsible for the betrayal of sufficient girls to supply the trade.

AND, WHEN YOUR CITY, YOUR COUNTY, YOUR STATE OR COUNTRY LICENSES, THAT IS, SELLS FOR A MONEY CONSID-ERATION TO MEN THE PRIVILEGE OF BREWING BEER AND DISTILLING SPIRITS, AND THE RIGHT TO SELL THESE POI SONS, YOU BECOME A PARTY TO THE ACT OF THE DRUNKEN NEGRO, THE LIQUOR CRAZED WHITE MAN - YOU ARE RE-SPONSIBLE FOR THE WRECKED HOMES AND UNTOLD AGONY WHICH THESE SIN CURSED PEOPLE LEAVE IN THEIR WAKE.

The man drunk sinned.

Yea, but what of him who sold him the liquor?

What of the landlord who rented the place in which the stuff that stole the man's brain away was sold?

What of the city, the State, the country which permitted the man's crain to be destroyed in order that other men may make money by that which benefits none, but harms all who touch it?

The brothel, the brewery and the bar?

What think you of these?

Sunday go to your church.

There in God's house of prayer in the light of the cross of Christ, think of these things for which you as a citizen are responsible.

What will you do?

Hear God, not man, saying:

"Have in you this mind which was in Christ Jesus."

What would Jesus do?

Go you and do likewise

# Having Gathered THE RIGHT SORT of Merchandise For the Many Departments of This Store---

Now we are in the midst of sending it into the homes of Atlanta and vicinity, to do its part toward gladdening hearts and solving the problems of homekeeping. The work of gathering it has been done well—better than in any former year—so we

are told, so we have every reason to believe.

Are you one of those who are making Chamberlin-Johnson-DuBose Company your shopping center? We venture you should be, we venture you will, once you visit the store and note the goings-on here.

# A Fine Array of Junior Suits

Junior Department---Third Floor

It may be that we give more specialized attention to Junior Suits than do most stores, it may be that we go to smarter makers, the fact is that the Junior Suits we have gathered here seem a bit more for the money than is usually found.

It begins to show in suits at \$15.00.

It begins to show in suits at \$15.00. As sturdy as they can be made—the materials are oftenest Scotch mixture weaves—they are along trim lines, plain, unadorned, youthful Such suits that wear and wear and look well all the while. School-going girls could hardly be better suited.

Then come the novelties at \$19.75, \$21.75, \$25.00 up to those at \$40.00 that are much like those little Miss Paris likes.

These are serges, cordurovs, velvets, Scotch weaves, with coats that are cutaways, or blouses, with wide sashes, or back belts and with trimmings in the form of vestees and Oriental embroideries, with skirts draped smartly and gracefully.

It would seem there is a suit for every Junior Miss of Atlanta.

#### These Are the Junior Coats That Are "Taking"

Bright, attractive in fabric, in line, in trimming.

Hosts of them to meet all requirements.
School coats, luxurious limousine coats. Boucles, Zibelines, Chinchillas, Cloths, Velvets.

Three-quarter lengths, often with a belt that is placed—by a smarter than usual maker—very low.

Sport Coats that brighten the football crowds.

It's a showing of coats meant to settle happily the coat question of all who turn to it.

Prices go gradually—for these—from \$7.50 through \$8.75, \$10.00 to \$55.00.

Sizes six to fourteen years. See them, then compare them with those you have bought at \$12.5.

The ginghams, the trimmings, the stitching, the whole "get up." We pause while you turn-those \$1.25 ones over in your mind.

Which suffer.

Sizes two to six years. Choose from ginghams and percales in light and dark stripes, ehecks and plain colors. Piped prettily with bands of contrasting colors. Wonderful values! One marvels at the neatness with which they are made, and neatness with wmen they are priced at 49c

will be added—and this in spite of programmation, doubt and shilly-shallying of the very best government to offer the Mexi-cans, it is true. But we can offer them something better than government by murder. They won't like it at first. But in twenty years they will stick-to this Union and resent any idea of separation as much as Texas or California would to-day. Remember that plenty of men living recall the days when Texas was not a part of the United States.

A big London doctor says that there is no such thing as a criminal type. Of course there is no such thing. There is no such thing as a criminal plano or a criminal iddle. Either may be badly made or out of tune—but it is not criminal.

The human individual may have a shull badly made, a brain badly fed, a neglected education that represents defective tuning. But there is no criminal type.

Unfortunately our prisons are based on the contrary assumption. And those prisons that should harmonike and through kindness correct the brains that are out of (tune are actually purisorine.)

But if they ruin their digestions and thus impair their health

If necessary, every Wellesley girl should have one professor

The parcels post is growing. We are handling a bigger parcels post load now than last Christmas time—and Christmas is supposed to be "the real load" with all the presents moving.

In a short time all parcels weighing a hundred pounds or less will be carried by the Government—carry this news gently to the express companies and to those who say that Government ownership can not succeed.

Before very long, by the way, ALL PARCELS AND ALL PREIGHTS will be carried by the Government, which will own all the radiroads and all the steamship lines.

But we are wrong.

All the wild animals in Africa must be killed in order to get rid of the disease pests which they carry.

Elephants, bisons, graffee, all the animals, must vanish from the earth, and man alone remain.

This seems a sad program, especially to those who enjoy the fun of hunting, fishing and otherwise destroying life, but it is the inevitable.

The Attorney General of New York says that he will not allow Harry Thaw's millions to keep him from the insane asylum.

Does Mr. Garmody know and will be tell whose millions are spent to hound Thaw and to vindicate "the good name" of Stanford White, whom Thaw destroyed?

Somebody with plenty of money is able to use the legal machinery in hounding Thaw. Can Carmody tell anything about it?
